Public Act 12 of 2014 only allows for a drill date to be changed when a scheduled drill could not occur due to conditions not within the control of school authorities such as severe storms, fires, epidemics, utility power unavailability, water or sewer failure, or a health condition AS DEFINED BY THE COUNTY OR STATE HEALTH AUTHORITIES. In this situation, the drill must be rescheduled to occur within 10 school days after the original scheduled date of the cancelled drill and the Chief Administrator of the District notifies the County Emergency Management Coordinator of the rescheduled drill date. A schedule change notification to the County Emergency Management Coordinator must be made to 269-673-0571.
